How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arounds) Susan Hood

In these beautifully illustrated original books, kids learn about opposites and numbers by spinning the shape in the center of each page to match the art to the story line. The intriguing action of manipulating the shapes to discover two different scenes on each page helps young children learn as they play.

It's a birthday party -- and everyone's invited! In *How Many Cupcakes?* preschoolers can turn the spinner on each page to change the picture and learn simple concepts about numbers.

Dimensions (inches): 7 1/2 x 7 1/2

From reader reviews:

Richard Ybarra:

The reason? Because this How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arounds) is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret that inside. Reading this book alongside it was fantastic author who have write the book in such incredible way makes the content within easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of rewards than the other book get such as help improving your ability and your critical thinking approach. So , still want to hold off having that book? If I have been you I will go to the book store hurriedly.

Sharon Rowe:

Do you have something that you prefer such as book? The publication lovers usually prefer to pick book like comic, small story and the biggest some may be novel. Now, why not hoping How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arounds) that give your fun preference will be satisfied by reading this book. Reading behavior all over the world can be said as the way for people to know world far better then how they react towards the world. It can't be said constantly that reading behavior only for the geeky particular person but for all of you who wants to become success person. So , for every you who want to start looking at as your good habit, you can pick How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arounds) become your own starter.

Ronald Kleiman:

In this period globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information much easier to share. You can find a lot of referrals to get information example: internet, classifieds, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The book that recommended for your requirements is How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arounds) this book consist a lot of the information on the condition of this world now. This specific book was represented how do the world has grown up. The vocabulary styles that writer use for explain it is easy to understand. The particular writer made some exploration when he makes this book. That is why this book suited all of you.

Carole Arehart:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some book, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring as well as can't

see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this How Many Cupcakes?: A Spin-Me Around Book About Counting (Spin Arouns) can make you feel more interested to read.
