Excerpt from The Climate and Resources of Upper India: And Suggestions for Their Improvement

This book treats more particularly of the British possessions in Upper India, and is an attempt to show how the climate may be improved and the resources developed. If the suggestions here made are effectual in Upper India, they may also be of use in many other parts of the world where the climate is divided into dry and wet seasons, or which are liable to periods of drought.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
