Chocolate Fortunes: The Battle for the Hearts, Minds, and Wallets of China's Consumers Lawrence L. Allen

As China comes into its own as a world economic power, a new, huge consumer class is emerging, hungry for all things Western. In this land where twenty-five years ago most of the population had never tasted chocolate, five icons of Western business are now slugging it out in a battle royal to see which will become the Emperor of Chocolate in China. *Chocolate Fortunes* offers the first inside look at the battle for China's newfound chocolate addiction. The book devotes individual chapters to each of the five major players Hershey, Nestle, Cadbury, Mars, and Ferrero and the trials they face as they attempt to dominate their market in an enigmatic and still-developing economy. More broadly, *Chocolate Fortunes* examines the unique opportunities and challenges inherent in the Chinese business universe. Probing not only the economic, political, and cultural conditions that have given rise to a seemingly insatiable new market, the book delves into the mystique of chocolate itself and how it captivates not just the Chinese, but people all over the world.

From reader reviews:

Barbara Palmer:

Nowadays reading books become more than want or need but also become a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book this improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want have more knowledge just go with schooling books but if you want truly feel happy read one along with theme for entertaining for example comic or novel. Often the Chocolate Fortunes: The Battle for the Hearts, Minds, and Wallets of China's Consumers is kind of publication which is giving the reader erratic experience.

Daniel Scott:

Exactly why? Because this Chocolate Fortunes: The Battle for the Hearts, Minds, and Wallets of China's Consumers is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will distress you with the secret this inside. Reading this book adjacent to it was fantastic author who have write the book in such amazing way makes the content inside of easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your expertise and your critical thinking method. So , still want to delay having that book? If I had been you I will go to the e-book store hurriedly.

John Silver:
