Paul Riesman

Freedom in Fulani Social Life: An Introspective Ethnography Paul Riesman

Paul Riesman's *Freedom in Fulani Social Life* is based upon his two years of residence among the Jelgobe, a group of semi-nomadic Fulani of the Sahel in Upper Volta, western Africa. Since its original publication, this classic study has profoundly influenced the field of anthropology through its re-examination of the ethnographer's personal input on his research.

"*Freedom in Fulani Social Life* richly documents how the ethnographer's own personal and cultural background is implicated in the research process. . . . For this reason, [Riesman's] book will be of paramount interest to all ethnographers."—Philip L. Kilbride, *Reviews in Anthropology*

"A remarkably well-written and insightful account of Fulani life. . . . In addition to using the conventional approaches of participating in and observing the daily activities of the Jelgobe . . . Riesman enriches his account by examining his personal feelings about particular incidents."—*Library Journal*

"An interesting and provocative study."—*Choice*

At the time of his death in 1988, Paul Riesman was an anthropologist who taught at Carleton College.
