The need for this book is epidemic. Media outlets daily “scream” with incidents of anger and domestic violence. National and International tensions surround us. Is it possible to discern the source of such wrath? The author will share with you that the “human spirit” can be “crushed” and “fractured”. Both generic temperament and environmental factors can lead to this manifestation. The book will have little value for you unless you at some time in your life have argued or been in tension with others. However, if this does include you, the author will give you not only hope but also a technique for healing. May we all indeed come to a point where the “peace of God can rule in our hearts . . .” (Colossians 3: 15)
