Who can judge a person's reactions during stress situations? The prisoner of war who gives in to his captors' demands, the kidnapped heiress who joins forces with her abductors — both must act without past experience to guide them. The end result can be either a very negative or a positive experience. In SLAVE WIFE, Kim Karison finds herself in such a situation. Because of her frigidity, her husband has decided to enslave her in chains and degrade her — the end result is a wife whose passion has no limits. Though Kim Karison suffers through an unspeakably horrible experience, she comes through with her sensibilities intact, knowing that bandage has unleashed her sexually.
