Population and Development Report, Third Issue - International Migration and Development in the Arab Region: Challenges and Opportunities United Nations

The Report considers the trends and patterns of Arab migration; addresses international migration and its relevance to development in Arab countries by discussing the relationship between international migration and demographic changes, human development and migrant remittances and focuses on an analysis of the policies adopted by sending and receiving countries over various periods of time; in the past, present and future at the local, regional and international levels in the light of economic, social and political changes.
