Forensic Analysis Of The April 11, 1986, FBI Firefight W. French Anderson

One of the deadliest firefights in the history of the FBI occurred in 1986 in Miami, Florida. Lasting more than four minutes, the fight claimed the lives of two FBI agents and two extremely violent master criminals and severely injured five other FBI agents. On the 10th anniversary of the shootout, W. French Anderson, M.D., released his seminal study, "Forensic Analysis of the April 11, 1986, FBI Firefight". Anderson's report - the most well-researched, well-documented account of a gunfight in modern history - was available only to law enforcement personnel . . . until now. On the 20th anniversary of the firefight that revolutionized the way law enforcement agencies around the nation arm and train their agents, Dr. Anderson makes "Forensic Analysis" available to the public for the first time.
