PART 1: DOPE GIRL'S AMBITION What do you do when you watch your parents go from kingpin to crackhead right in front of your eyes; when a drug deal gone bad causes you to lose your mother, brother and life as you know it all at once? Meet La'Rain Peters known in the streets as Rain. From her early childhood years her life was anything but normal. Her extensive knowledge of the drug game followed her from a young age right into adulthood. It wasn't until the sexy son of a Columbian drug lord was stunned by Rain's striking beauty that she realized she can also rule. You'll witness how a man and a woman torn by the love of money and power, past losses, present fears, and the paradox of their growing ambition for the game withstood their love for one another. Rain becomes the woman everyone loves to hate. Will she know when to stop, or will her greed for money cause her to self destruct! **PART 2: STORM'S REVENGE** After the death of her twin sister La'Rain, a part of Storm died too. After learning that La'Rain's death wasn't an accident, Storm sets out on a mission to find out who her sister's killer is. With the help of her business partner, Lizzy, and members of La'Rain's old crews, other painful secrets begin to rise to the surface. One by one, Storm begins taking down La'Rain's rivals in her quest to find the truth behind unanswered questions. Respect in the game is no longer given; it's taken. But will the once controlled drug game become more dangerous than Storm imagined? The city of New York will feel the wrath of Storm's Revenge. **PART 3: A BROTHER'S BETRAYAL** After reuniting with her family and coming out of hiding, Rain tries hard to let go of her past and live her life right; but sometimes terrible secrets that are hidden in the ground come back to haunt us and in the process, infect those who are touched. Donny was everything to Rain and Storm; but being a grown man, he wanted to start his own journey that didn't quite involve the twins. That's when things between Donny and Rain got messy. When his girlfriend's skeletons start exploiting her darkness, Donny has no choice but to go running to the one who's always had his back. It seems that trouble was once again knocking on Rain's door from all different angles of her family, pulling the twins back into the life they thought they'd buried. What begins as a new journey in love for both women, quickly unfolds into something soul consuming. Neither of them could have ever imagined this happening, and quickly the Queen becomes the protector once again. Under the guise of being their brother's keeper, will the Queendom be the ultimate victor out of this much betrayal? Can Rain be the glue that bonds this go 'round?
