Advanced Intelligent Computing Theories and Applications: With Aspects of Contemporary Intelligent Computing Techniques (Communications in Computer and Information Science)

Advanced Intelligent Computing Theories and Applications: With Aspects of Contemporary Intelligent Computing Techniques (Communications in Computer and Information Science)

This volume, in conjunction with the two volumes LNCS 4681 and LNAI 4682, constitutes the refereed proceedings of the Third International Conference on Intelligent Computing held in Qingdao, China, in August 2007. The conference sought to establish contemporary intelligent computing techniques as an integral method that underscores trends in advanced computational intelligence and links theoretical research with applications.
