## **Guide to Biblical Coins, 4th Edition** David Hendin

This is the fourth edition of the most widely used reference in the field of ancient Biblical and Jewish Coins, with more than 10,000 copies already in print. It is also the most complete edition yet, listing more than 550 different coins while maintaining the same numbering system as Hendin's popular third edition. Hendin has dramatically expanded the text with extensions and significant new material. This new edition contains a full 38 pages of photographic plates illustrating more than 500 coins and weights. Aimed at both beginning and advanced collectors, Hendin compiles the knowledge he has accumulated in the 34 years since his year-long stay in Israel as a volunteer of the Six Day War. At that time his weekly trips to the markets in Jerusalem led him into one of the world's most fascinating hobbies--collecting Biblical coins--with which he has remained fascinated every since.

The noted professional numismatist Herbert Kreindler has for the first time evaluated the coins in two grades for the Biblical coin series. Kreindler is also widely known as an expert in Biblical coins, and the evaluations are based upon worldwide auction and private markets of the past decade.
