Rethinking Epistemology (Berlin Studies in Knowledge Research)

Rethinking Epistemology (Berlin Studies in Knowledge Research)

This volume contains contributions to the systematic study of knowledge. They suggest both an extension and a new path for classical epistemology. The topics in the second volume are the following: variants of skepticism; knowledge of the first, second, and third person; practical knowledge and the structure of action; knowledge and the problem of dualism; and disjunctivism concerning experience and perception.
