The Natural Way of Things Charlotte Wood

“*Contemporary feminism may have found its masterpiece of horror (The Guardian),*” as the stories of Verla and Yolanda seem ripped from the headlines about today's institutionalized misogyny and violence against women. *The Natural Way of Things* is at once lucid and illusory, a brilliantly plotted novel of ideas that reminds us of mankind's own vast contradictions—the capacity for savagery, selfishness, resilience, and redemption all contained by a single, vulnerable body.

Drugged, dressed in old-fashioned rags, and fiending for a cigarette, Yolanda wakes up in a barren room. Verla, a young woman who seems vaguely familiar, sits nearby. Down a hallway echoing loudly with the voices of mysterious men, in a stark compound deep in the Australian outback, other captive women are just coming to. Starved, sedated, the girls can't be sure of anything—except the painful episodes in their pasts that link them.

Drawing strength from the animal instincts they're forced to rely on, the women go from hunted to hunters, along the way becoming unforgettable and boldly original literary heroines that readers will both relate to and root for.

Winner

2016 *Stella Prize*
