This is a short collection of a couple of hundred Japanese Haiku, each accompanied by one of 59 Japanese seals. I have split the haikus up into 6 parts, primarily because creating around 200 small chapters would have been a pain. "THE hokku—or more properly haiku—is a tiny verse-form in which Japanese poets have been working for hundreds of years. Originally it was the first part of the tanka, a five-line poem, often written by two people as a literary game: one writing three lines, the other, two lines capping them. But the hokku, or three-line starting verse, became popular as a separate form. As such it is properly called haiku, and retains an incredible popularity among all classes of Japanese."
