Macromedia Flash is the industry standard for designing and delivering low-bandwidth animations, presentations, and Web sites. In this first-of-a-kind reference, today's top Flash developers share secrets and strategies for creating dynamic Flash applications. Written by leading members of the Flash programming community, each chapter of **Macromedia Flash: Super Samurai** focuses squarely on programming technique. While each chapter can stand alone, together they comprise the most complete compendium of Flash programming practices and techniques available. Focusing on real world projects and applications, the chapters cover such topics as JavaScript and Flash; optimizing 3D; integrating databases through ActionScripting, XML and Flash, and much more. Aimed at the intermediate to advanced developer, **Macromedia Flash: Super Samurai** contains the most comprehensive set of Flash programming techniques ever assembled in one book.
