Tarot of the Third Millennium (Tarot Card Deck) Lo Scarabeo

Perhaps one of the most unusual decks of all time, the Tarot of the 3rd Millennium encompasses the past, reflects the present, and hints at the future. This extraordinary deck uses format to highlight the cards' role in the tarot deck structure. The Major Arcana are black and white and notched like subway tickets, showing the important role these cards play in our lives as avenues along our spiritual path. The Minor Arcana black and white images contain small color inserts from The Ancient Tarots of Bologna as well as UPC codes and website addresses, magnificently illustrating the Minors' role representing everyday life events and how those events both changed and stayed the same over time. The Court Cards are full color-very appropriate since these cards represent people. And people are nothing if not colorful.
