The Wulfkin Legacy: 3 Paranormal Romances T.F. Walsh

T.F. Walsh's wulfkin packs offer a dangerous tribe of sexy, powerful shifter alphas who know how to get what they want in a world gone mad. Indulge your inner wolf with these three stories of loyalty, lust, and love!

- *Cloaked*: When someone steals the endangered bear cubs she's assigned to protect, wulfkin Daciana must locate them or lose her job and return home in disgrace. The sexy inspector on the case, Connell Lonescu, isn't making this any easier. He's convinced relationships are a waste of time, even if he is attracted to the secretive woman - and Daciana's wulfkin rules forbid relationships with humans. Can they overcome these laws of nature to triumph in love?
- *Cloaked in Secrecy*: Enre Ulf, a former member of the ruling wulfkin tribe, plans to infiltrate Alena Novac's circus clan and take out its alpha to save his home in Transylvania. Except he never expected his wolf claiming Alena as his mate or feeling compelled to save her brother, who was jailed for a murder he didn't commit. With the police closing in and the blood feud threatening them, Alena and Enre must overcome their pasts to save their packs' futures.
- *Cloaked in Blood*: Selena Kurt agrees to an arranged mating to protect her sister from a dangerous alpha from the enemy clan. To her surprise, her match is Marcin Ulf, the wulfkin who broke her heart years ago. Before they can be paired, however, they're drawn into a tournament where Marcin will compete to free his imprisoned brother while Selena battles for the life of another wulfkin alpha. Both intend to seize this chance - even if it means facing off with one another just as their romance rekindles.
