John Vincent

An Intelligent Person's Guide to History (Intelligent Person's Guide Series) John Vincent

John Vincent has often been accused of political incorrectness in his writings about history. In this controversial study of history, Professor Vincent goes to the very heart of the complex issues raised by the subject. In 1928 Bernard Shaw wrote his "Intelligent Woman's Guide to Socialism and Capitalism". Nearly 70 years later, in a similiarly poelmical tract, Vincent makes no such concessions to feminist sensibilities or to the politics of the left. The text provides a comprehensive examination of the philosophy and evolution of history. It explores notions of historical evidence, meaning, the concept of historical imagination, morality and history, causality and bias, and hindsight. This expanded paperback edition includes an account by the author of the critical reception that greeted the book's original publication, and the controversy that it generated
