Never Been This Late Before Herbert Edgar Douglass

All the Bible signs of time's approaching end are rapidly converging. It's late -- and it's never been this late before! In this compelling book author, educator and theologian, Herb Douglass summarizes the evidence of just how late it really is--evidence that includes: - The exponential rise of natural calamities - The tsunami of "New Spirituality" sweeping over most Christian churches - The warning signs that the world is facing a catastrophic economic collapse - The growing political and economic unity of the major nations of earth. If you've been tempted either to hope or despair that "the end" would not come in your lifetime--that it would happen in far-off future--see what you think after adding this book. How should you live? And how can you be sure you won't be too late?
