## **Amenity Landscape Management: A Resources Handbook** R. Cobham

Amenities, which give pleasure to large numbers of people in primarily urban societies, are usually the products of careful planning and management. Amenity land and landscapes are no exceptions. Frequently, the answer to a particular management planning or budgeting task lies in synthesizing information from many different sources. This reference guide examines all the relevant information in a form which is readily usable by leisure, amenity and landscape managers. It provides tables and figures, and an explanatory supporting text which aims to detail some of the main "building blocks" for those interested in preparing and implementing plans concerning both the provision and management of public amenities and leisure facilities.
