Lodge Freemason Craft Exposed A. A. Obagbemi

This evil has been amongst us for far too long. An ancient craft of blood and darkness that needs to be exposed and have the men trapped in it set free for Christ and His Church. Masonic craft affects our lives economically, politically, socially and spiritually; directly and indirectly. Masons control world economies as Masonic privileges help them to self-actualise in their careers, professions and vocations. Masons influence our world socially; they marry, have children and live amongst us. A member of the family, relatives or friends could be involved in the craft. We have bosses at work who are Masons, likewise our neighbours. Join me and I will take you on a journey into the world of the masons; the one they would not want you to see. Follow as I reveal the secret of this powerful organisation and how God, by the power of His Holy Spirit, will set both you and your loved ones free from their influence and grip. On the pages of this book, I have provided insider information to those who are considering the Freemasonry craft as an option and those who, like my father, ignorantly joined. I have also provided information for family members of those in the craft, so that they may know what their loved ones are in to and how it may affect their family. My earthly father was supposed to give our brother as his “due”, but he said he did not want any of his children to die so he had to offer himself. Lodge Freemason is a powerful organisation but the power of God is greater than satanic occult magical powers. Only the Holy Spirit can subdue Masonic powers. I was once in the freemason, but today, by the mercies of God, I am redeemed of the Lord. - Author.
