Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) Felix Muñoz-Garcia

This textbook offers an introduction to advanced microeconomic theory that emphasizes the intuition behind mathematical assumptions, providing step-by-step examples that show how to apply theoretical models. It covers standard topics such as preference relations, demand theory and applications, producer theory, choice under uncertainty, partial and general equilibrium, monopoly, game theory and imperfect competition, externalities and public goods, and contract theory; but its intuitive and application-oriented approach provides students with a bridge to more technical topics. The book can be used by advanced undergraduates as well as Masters students in economics, finance, and public policy, and by PhD students in programs with an applied focus.

The text connects each topic with recent findings in behavioral and experimental economics, and discusses these results in context, within the appropriate chapter. Step-by-step examples appear immediately after the main theoretical findings, and end-of chapter exercises help students understand how to approach similar exercises on their own. An appendix reviews basic mathematical concepts. A separate workbook, *Practice Exercises for Advanced Microeconomic Theory*, offers solutions to selected problems with detailed explanations. The textbook and workbook together help students improve both their theoretical and practical preparation in advanced microeconomics.

From reader reviews:

Jacqueline Stalling:

Why don't make it to be your habit? Right now, try to ready your time to do the important action, like looking for your favorite book and reading a e-book. Beside you can solve your long lasting problem; you can add your knowledge by the e-book entitled Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press). Try to make the book Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) as your close friend. It means that it can being your friend when you really feel alone and beside that course make you smarter than ever before. Yeah, it is very fortunated in your case. The book makes you a lot more confidence because you can know every little thing by the book. So , we need to make new experience as well as knowledge with this book.

Clara Palmer:

Have you spare time for just a day? What do you do when you have much more or little spare time? Yep, you can choose the suitable activity intended for spend your time. Any person spent all their spare time to take a stroll, shopping, or went to the particular Mall. How about open or even read a book eligible Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press)? Maybe it is to be best activity for you. You know beside you can spend your time with your favorite's book, you can cleverer than before. Do you agree with the opinion or you have some other opinion?

Randall Hernandez:

The reserve with title Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) has a lot of information that you can study it. You can get a lot of benefit after read this book. This kind of book exist new understanding the information that exist in this book represented the condition of the world currently. That is important to yo7u to know how the improvement of the world. That book will bring you throughout new era of the syndication. You can read the e-book in your smart phone, so you can read the idea anywhere you want.

Brandon Gentry:

Your reading sixth sense will not betray anyone, why because this Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) e-book written by well-known writer who knows well how to make book that could be understand by anyone who else read the book. Written throughout good manner for you, leaking every ideas and creating skill only for eliminate your own hunger then you still hesitation Advanced Microeconomic Theory: An Intuitive Approach with Examples (MIT Press) as good book not merely by the cover but also by content. This is one reserve that can break don't judge book by its handle, so do you still needing a different sixth sense to pick that!? Oh come on your examining sixth sense already told you so why you have to listening to a different sixth sense.
