Our Entire Existence Is Based Upon Numbers, You Just Have To Know How To Interpret Them Carrie's story: Jim had told me before he passed away that he was working on a book and that when it was finished he would like me to read it and give him my input on it. Little did I know that he would pass away suddenly without me ever getting to know what the book was about or even getting the chance to read any of it. I tried in vain to access his computer to see if I could find any trace of the book, or for any other little memories or photos he may have on there that may help me somehow feel close to him, but all was in vain... I was working on my computer late one evening when all of a sudden a book on numerology came to me in an email from me to me... What?! Yes, it was the book my husband had written. I could not believe my eyes! Five years after my husband died there was a whole book written on numerology by him right in front of me. I was fascinated, as there is no way this book could have come to me other than him sending it my way somehow from the other side. In my heart I knew that he somehow needed to get this book out to the world, even after he died. You have here, the revelations of the Close Numerologist, exactly as he intended you have them. Jim's story: Over the years I have been able to predict turning points in peoples' lives with machine-like accuracy...I was able to create a "Blue Print" for peoples' lives that left them standing in front of me in astonishment...I was able to discover the hidden stairway to their VERY-SOUL... to unlock what they held closest in their hearts. I have guided them down their individual paths to what they desired most out of their lives. Using these charts they began to feel more joy..more inner peace ...and more connection to the universe...They finally have what they have waited a life time to discover... their " Life's Purpose" At first when I began my practice I was ridiculed by my family, friends and work colleagues... They were skeptics and scoffed at what the power of numbers could really do for them ... For over thirty years I decided to "practice" my secret profession in a "closet"...an Electrical Engineer during the dayand a "Closet Numerologist" during the night ...After 30 years in the "closet" I've decided to throw open the doors and share my "God Given" talents with you. Here's just a few of the astonishing things that happened: On the jobsite I predicted that a work colleague would have a "major financial upset"... within a week there was a "Downsizing" in his department... He was let go because there was no work! I let a close friend know that an old friend would bring her good news and happiness. The week after my prediction, during a business trip she ran into an "Old Flame" who proposed to her right on the spot! They are NOW happily married! I predicted the very day that my daughter would have a major relationship crisis (though to this very day I have kept this information to myself)... the man she was married to left her for a younger woman! Just last week as I looked at my charts I foresaw some mechanical trouble... Sure enough while driving to the airport my engine light came on... I had to eventually replace my alternator! I could go on for weeks... example after example but you can see the writing on the wall ... these are just a few examples of the things that I use numerology to predict, on a daily basis. As Albert Einstein once said, "God does not play dice" ... our entire existence is based upon numbers, you just have to know how to interpret them. If you are serious about your spiritual growth and discovering your Life Path, these charts will open your eyes to YOUR future... If you want to feel more joy...more inner peace...and more connection to the universe... The time to discover YOUR hidden secrets is NOW.
