The Apocryphal Gospels and Other Documents Relating to the History of Christ I from the Translated from the Originals in Greek, Latin, Syriac, Etc: With Notes (Classic Reprint) B. Harris Cowper

No one can wonder that men are curious to know some Mng of a class of compositions dignified or branded with the name of Apocryphal Gospels. They hope to find in them at least some fragments of genuine history not contained in the Canonical Gospels. This hope must be disappointed ;but a faithful version of the documents, with notes, and other accompaniments, will be found both useful and interesting. All who read them, with any attention, will see that they are fictions and not histories; not traditions even, so much as legends. It would have been easy to add a great deal to what is here printed, by way of illustration and criticism; but I have not pretended to say everything.
