**Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series** Kuang-Hua Chang

This is one book of a four-part series, which aims to integrate discussion of modern engineering design principles, advanced design tools, and industrial design practices throughout the design process. Through this series, the reader will:

- Understand basic design principles and modern engineering design paradigms.
- Understand CAD/CAE/CAM tools available for various design related tasks.
- Understand how to put an integrated system together to conduct product design using the paradigms and tools.
- Understand industrial practices in employing virtual engineering design and tools for product development.
- Provides a comprehensive and thorough coverage on essential elements for product performance evaluation using the virtual engineering paradigms
- Covers CAD/CAE in Structural Analysis using FEM, Motion Analysis of Mechanical Systems, Fatigue and Fracture Analysis
- Each chapter includes both analytical methods and computer-aided design methods, reflecting the use of modern computational tools in engineering design and practice
- A case study and tutorial example at the end of each chapter provide hands-on practice in implementing off-the-shelf computer design tools
- Provides two projects at the end of the book showing the use of Pro/ENGINEER® and SolidWorks ® to implement concepts discussed in the book

#### From reader reviews:

#### **Robert Grant:**

This book untitled Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series to be one of several books in which best seller in this year, that's because when you read this book you can get a lot of benefit upon it. You will easily to buy this book in the book shop or you can order it through online. The publisher on this book sells the e-book too. It makes you more easily to read this book, since you can read this book in your Mobile phone. So there is no reason to you personally to past this publication from your list.

#### Pamela Cole:

Reading a publication tends to be new life style within this era globalization. With examining you can get a lot of information that may give you benefit in your life. Not only situation that share in the guides. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors on this planet always try to improve their talent in writing, they also doing some exploration before they write for their book. One of them is this Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series.

#### **Nancy Ochoa:**

Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series can be one of your basic books that are good idea. Many of us recommend that straight away because this book has good vocabulary that can increase your knowledge in vocabulary, easy to understand, bit entertaining but delivering the information. The copy writer giving his/her effort to get every word into pleasure arrangement in writing Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series although doesn't forget the main level, giving the reader the hottest as well as based confirm resource facts that maybe you can be certainly one of it. This great information can easily drawn you into brand-new stage of crucial imagining.

#### Linda Barefoot:

Is it you actually who having spare time and then spend it whole day through watching television programs or just resting on the bed? Do you need something new? This Product Performance Evaluation using CAD/CAE: The Computer Aided Engineering Design Series can be the reply, oh how comes? A book you know. You are therefore out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these books have than the others?
