**The Tavernier Stones: A Novel** Stephen Parrish

**Product update:** *The Tavernier Stones* has won the 2011 Independent Publisher (IPPY) gold medal in the mystery/suspense/thriller category.

When the body of seventeenth-century mapmaker Johannes Cellarius floats to the surface of a bog in northern Germany with a 57-carat ruby clutched in his fist, the grisly discovery ignites a deadly twenty-first-century international treasure hunt to unearth the fabled Tavernier stones. The hoard reputedly contains some of the world's most notorious missing jewels, including the 280-carat Great Mogul diamond and the 242-carat Great Table diamond.

Scrupulously honest Amish-born cartographer John Graf teams up with outlaw prospector and gemologist David Freeman in a ferocious race to find the treasure and break a secret code that will unravel the centuries-old Tavernier stones mystery. But other fortune hunters, opportunists and criminals alike, are in hot pursuit of the mismatched partners---and they'll stop at nothing to possess the legendary jewels.

"*The Tavernier Stones* has something for every reader--adventure, intrigue, information, and no small amount of wit. An exciting debut from a talented new author, this novel delivers the goods." --Debra Ginsberg, author of *The Grift* and *The Neighbors are Watching*

"An utterly compelling adventure that pulls you along on a rollicking ride and doesn't let go of you until you turn the last page. The writing just sparkles." --Patricia Wood, author of *Lottery*

"From the opening pages to the closing scene, Stephen Parrish has created a literary mystery, one with adventure, history, cartography, jewels, and unforgettable characters. I can't recall the last time I finished a mystery that also moved me so much." --Erica Orloff, author of *The Roofer* and *Freudian Slip*

"*The Tavernier Stones* is a sparkling, multi-faceted gem of a fast-paced thriller." --Eric Stone, author of *Shanghaied*

"Relentlessly fascinating, Stephen Parrish's *The Tavernier Stones* is reminiscent of Dan Brown's *Lost Symbol*, but this treasure hunt based on real historical figures involves ancient maps, complex codes, and a cache of mysterious lost gems. It's one hell of a good time." --Mark Terry, author of *The Fallen*
