This is a comprehensive and structured learning programme. Every practical skill is demonstrated with the aid of illustrations, and the theoretical knowledge one must acquire is introduced in stages with self-check sheets and questions to aid progress. Each stage matches those laid down by The Associated Examining Board's Learner Driver Progress Check Tests and breaks down into the following: before you enter the car, early driving lessons, mid-stage lessons (including manoeuvres), preparing for the test, the test (including samples of the report form, Examiner's marking sheets and actual wording). There is an additional section on post-test driving. This book covers all the changes 1992 has brought to standardize the text across Europe.
