Renowned historian and international scholar Walter Laqueur offers a sweeping survey of writing on one of the most pressing issues facing the world today: the use of violence as a tool for political change.

From ancient Roman tyrannicides and French revolutionaries to the Weathermen and Osama Bin Laden, Voices of Terror brings together 120 of history's most controversial figures, militant organizations and guerrilla groups for a rare glimpse into the minds behind the violence. This important new anthology includes a substantial selection of material by Islamist terrorists, about the evolving concept of jihad and on post-September 11, 2001 perspectives.

With commentary from Karl Marx, Emma Goldman, Mao Tse Tung, Che Guevara, and Menachem Begin, among others, and documents of al Qaeda, Hamas and the PLO, Voices of Terror is an essential resource for anyone interested in international current events.
