1970 Pontiac Firebird and Trans Am Assembly Manual Reprint Pontiac

This reprinted manual gives you assembly illustrations down to the last nut, bolt and screw. It shows exploded views of all the parts of the car that were put together on the final assembly line, and includes part group numbers. Use this manual to help you disassemble or reassemble parts of your car, and or to help identify parts that may be missing or incorrect. The book contains production and regular production option information. That means that you get information on the base model all the way up to "fully loaded." You will find illustrations for body mounting, frame, front & rear suspension, brakes, fuel & exhaust, steering, wheels & tires, sheet metal, electrical, radiator, and much more. You'll see how the engine & transmission are mounted in the car, but you won't find exploded views of the inside of those parts. You will find a few body components such as body mounting, front fenders, bumpers, taillights, hood, chrome trim, grille, and headlights. You will also find accessories and options such as the radio & speakers, heater, a/c, and more. There are exploded views and illustrations on just about every page, with wiring diagrams, torque specifications, and handwritten revision records. This looseleaf book of unbound pages is 3 hole-punched for your 3-ring binder. New condition. Go on and tear that car apart! This book will help you put it back together.
