Angels and Heaven, Annotated. Rev. Thomas Mills

This book is a reprint of an old classic, which was first published in 1872. It was written by an English country clergyman, who had recently lost a child. He dealt with his grief by doing a thorough Bible study on the subject of Angels and Heaven, the soul, and the resurrection of the body. This book has been annotated to explain some of the expressions and references that would have been common at the time. Consequently, it is meaningful for the modern reader. Unlike a lot of the more recent books on the subject, this one digs deeply and everything he declares is backed up by Biblical authority. You will find no fantastic speculation about Angels and Heaven here. The author goes into an in-depth study of destroying angels, ministering angels, the certainty of the Resurrection, what the resurrection body will be like, true views of death, and the new Heaven and Earth. If you are looking for a deep, but understandable, Scriptural book on the subject of Angels and Heaven, this book is for you. Illustrations have been added by the editor. It has been newly formatted and typeset. No blotches or smeary ink in this book.
