Each title in the annually updated "Core Statutes" series contains all the necessary statutes and statutory instruments for students working towards an undergraduate degree or graduate diploma, yet is priced to suit the student budget. Compiled by experienced lecturers and examiners, the books are ideally suited to exam use as the statutes are listed both alphabetically and by date and, most importantly, do not include commentary or annotation. The input of lecturers from a wide range of institutions has been used to help revise this 2006-07 series of "Core Statutes".
