Elements of Legislation

Neil Duxbury

Elements of Legislation Neil Duxbury

In *Elements of Legislation*, Neil Duxbury examines the history of English law through the lens of legal philosophy in an effort to draw out the differences between judge-made and enacted law and to explain what courts do with the laws that legislatures enact. He presents a series of rigorously researched and carefully rehearsed arguments concerning the law-making functions of legislatures and courts, the concepts of legislative supremacy and judicial review, the nature of legislative intent and the core principles of statutory interpretation.
