A Visual Celebration of Giant Pandas

Fanny Lai

A Visual Celebration of Giant Pandas Fanny Lai

Fanny Lai and Bjorn Olesen, both wildlife enthusiasts, followed in the giant footsteps of the shy and enigmatic giant panda, and captured both adults and cubs on camera in close-up situations. Beautifully photographed, in rarely seen settings, the authors explain what makes the panda such a lovable icon, and why the public cannot have enough of this symbol of quiet hope for survival in a fast-changing planet.

Five years of research and photography went into A Visual Celebration of Giant Pandas. It has detailed information about the panda's behaviour, including how it rears its young, and also describes, in words and vivid photography, other species in its habitat such as the red panda and snow leopard. The issue of 'pandaploacy' is also addressed, with the arrival of pandas in Singapore in 2012 and their likely arrival in Malaysia in 2013.

Finally the book assesses the chances of survival for the giant panda, and the efforts being made to preserve its habitat.
