## **Child's Medical Record Book** Anne Seymour Odden

By deciding to use this book to keep track of your child's health and growth, you have made your life easier. Taking a more active role in recording your child's medical care will prove a relief to you, your doctors and your children when they become adults. Includes tables for immunizations, allergies, illnesses, medicines, accidents, broken bones, family medical history, and more.

Designed with the durability of a passport, The Child's Medical Record Book fits neatly into a woman's purse or man's coat pocket. The book has been reviewed by American pediatricians and nurses so you can be assured the material is complete and up-to-date. Your child's good health and proper treatment is the immediate goal, yet the history of his or her illnesses, and that of the family, may well be the key to unsolved mysteries in future years. And with the mobility of today's society, and the trend away from lifelong relationships with a single family doctor, the parent's responsibility for keeping this information together has increased. Here you have a way to do just that, in one slim volume.
